New Eurasia Group portal coming soon

Next week, we'll begin rolling out Eurasia Group's new client portal. Over the past several months, we've made a significant investment to improve your digital experience – modernizing how you access our research while maintaining the same standard of insight you rely on. The new portal is built on a scalable foundation that positions us to continue enhancing and expanding the experience over time, and we look forward to hearing your feedback.

To prepare for the transition, we encourage you to share our allowlisting instructions with your IT team; this should help facilitate a smooth transition and ensure your access and research notifications remain uninterrupted.

Please watch for your invitation email next week with instructions to get started.
