[Invitation to Japan-Vietnam Economic, Science and Technology Public-Private Partnership Forum]
- Building Future Value Chains through Technology Co-creation -

In conjunction with the visit of Vietnamese government officials to Japan, we will hold a forum focused on Vietnam's latest economic policies, investment environment, and science and technology innovation initiatives that the Vietnamese government prioritizes. Government officials and business representatives active in the country will introduce the latest business trends, future prospects, expectations for Japanese companies, and business possibilities. This is a valuable opportunity to obtain beneficial information for those considering market entry, business expansion, or collaboration and partnerships with Vietnamese companies in Vietnam. We encourage your participation.
*Please note that this is being provided with priority to JETRO Members. Please treat this invitation as confidential and refrain from sharing it without authorization.
