AI, Cyber Power, Competition, and Global Risk Update

Please join us for the Eurasia Group APAC & Japan Conference Call, with Heather West, Practice Head for Geo-technology, for a discussion on "AI, Cyber Power, Competition & Global Risk." This briefing covers what changed in October and what it means for firms and governments across the region: US-China AI competition, new export controls on models and compute, the latest cyber incidents, and competing AI governance frameworks.

Wednesday, 21 October at 10:00 am JST / 9:00 am SGT / 12:00 pm AEDT

About Heather West

Heather West is a Washington, DC-based expert on technology policy who has spent her career translating between the people who build technology and the people who need to understand it. At Eurasia Group, she advises clients on the political and regulatory risks shaping the technology landscape, with a focus on AI, cybersecurity, data regulation, digital infrastructure, competition and sovereignty, and global regulatory strategy.

Heather brings twenty years of experience across the private sector, civil society, and the technology industry. She has held senior policy roles at Venable, Meta, Mozilla, Cloudflare, and Google, where she shaped policy and product direction for emerging technologies in partnership with executives, product teams, and global policy leads. Throughout her career, she has also worked with policymakers to help shape the future of tech sector regulation. She began her career at the Center for Democracy and Technology. She holds fellowships with the Center for European Policy Analysis, the National Security Institute at George Mason University's Antonin Scalia Law School, and the Canadian Chamber Future of Business Centre.

She is a recovering computer scientist, with dual degrees in Computer Science and Cognitive Science from Wellesley College and a Diploma in Global Business from Saïd Business School at the University of Oxford.

How to Join

Please note this invitation is non-transferrable and space is limited.

Registration for this event is required.

After registering, you will receive an email with instructions to join the meeting, including local dial-in information and a meeting invitation you can add to your calendar. Please note you must be logged in from a computer or mobile app in order to ask a question.

Please allow a few minutes before the call to join the meeting, and connect audio by following the prompts from the conference call platform.
